Aprašymas

Go with the flow - smart speed adjustments to meet material demands up to 70 mm

Convenient and smooth from start to finish, this jigsaw makes straight and curved cuts with ease. Its Bosch Electronic speed functionality gives each project a smooth start while its adjustable cutting speed meets the demands of each material, even when making difficult cuts through knots in wood. Minimal vibration allows for added control and its light weight and compact size offer outstanding handling. The PST 700 E performs cuts of up to 70 mm at 45°- 90° angles in a variety of materials including wood, laminate, aluminium, and plastics. Equipped with an SDS system, blades can be changed quickly and easily.

Complete projects with comfort and ease

Variable speeds for smooth cutting in various materials

Low vibration and soft grip for comfortable use

Manoeuvrability to cut along drawn curved lines

SDS-system for quick and easy blade changes

Adaptable speeds to power every job

Experience better results with Bosch Electronic – simply squeeze the switch to reach the desired speed in every application and material.

Smooth and easy work

Bosch Low Vibration is a shock-absorbing and vibration-dampening feature designed to reduce user fatigue for comfortable, smooth, and easy work in extensive or difficult applications.

Trace and follow drawn lines with ease

Located on the front of the saw, CutControl makes cutting along a straight line easy, allowing for secure guidance and exact results.

Blows dust away for a constant clear view

The integrated blowing function whisks away dust while cutting to maintain a clear view of the cutting line for increased accuracy.

Quick and easy saw blade changes

SDS enables quick and easy keyless saw blade changes and ensures that blades are automatically tightened when the cap is closed.

Tackle a wide range of jobs with angles up to 45°

The adjustable footplate allows angle cuts of up to 45°. Simply adjust the plate to set the desired angle.
