- ✓ No natural rubber latex components
- ✓ Pack contents: 1 pair of filters
- ✓ Compatible with 3M Eyewear and Hearing Protection

Aprašymas

3M™ Particulate Filter 2135 is our replacement filter for 3M reusable masks in 6000 and 7000 series. They provide P3 protection against high level fine dusts and oil or water based mists and contain no natural rubber latex components.

Use 3M™ Particulate Filter 2135 to help provide P3 protection while working with insulation, repairing walls and ceilings, flooring or when sanding by hand. Our replacement filters are for use with 3M reusable masks in 6000 and 7000 series and suitable for general trade tasks, engineered to offer P3 protection against high level fine dusts, and oil or water based mists. They comply with European standards and are compatible with 3M Eyewear and Hearing Protection.
