The R-Go HE Break Mouse is an ergonomic vertical mouse with integrated break software. This smart mouse helps you remember when it's time for a break. The ergonomic R-Go HE Break mouse has a vertical position, so you will automatically move the mouse with your forearm instead of just your hand. This prevents strain injuries, such as CANS. The HE Break mouse has a round shape, so your hand and wrist are in a natural, relaxed position. The mouse fits comfortably in your hand and supports all fingers. Are you left- or right-handed? We have different versions and sizes available, so the mouse fits every hand. The LED colour signals in the mouse indicate how healthy you are working and when it is time for a break. The mouse encourages you to take breaks on a frequent basis. These vital breaks help prevent physical complaints, stimulate blood circulation in the body and keep you fit during your working day. During mouse usage, the light changes colour, like a traffic light. Green means 'good job', orange that it is time for a break, red that you have been

working too long. By using these subtle colour signals, you receive feedback on healthy (break) behaviour in a simple and positive way. This product works together with the R-Go Break Software that won the Benelux Office Products Award 2021.

- **Ergonomic Vertical Mouse:** The HE Wireless Mouse's vertical design is your ally against Repetitive Strain Injuries (RSI), alleviating strain on the wrist and hands. By engaging larger muscles during movements, this wireless mouse promotes blood flow, warding off discomfort and enhancing productivity. With a unique 60-degree angle, the HE Mouse naturally positions your hand, minimizing twists and muscle strain—a savvy choice for extended computer use.
- **Maximum Comfort:** The sleek and modern design of the HE Mouse, featuring a vertical grip, establishes a neutral and relaxed hand and wrist position. Encouraging forearm movement, its round shape and thumb gutter provide optimal support and 100% comfort, fostering a natural grip and alleviating strain. This innovative design has earned the HE Mouse the prestigious Benelux Office Product Award, attesting to its ergonomic excellence.
- **Easy to set up and Customizable:** simply plug and play, no additional software required. Equipped with 5 buttons and a scroll wheel, it ensures efficient navigation and control. The buttons are customizable, tailor-made for your workflow. Adjust buttons to perform tasks beyond defaults using the accompanying app, seamlessly adapting to your preferences.
- **Fits in Every Hand:** Its compact size guarantees portability and lightweight convenience for on-the-go use. Available in various sizes and for both left- and right-handed users, this vertical mouse is tailored to accommodate every hand. Embrace comfort and functionality with a mouse designed for versatility and inclusivity.
- **With 3-in-1 connection:** Bluetooth, wireless via dongle, and with cable. The included cable can be used for both charging your device and connecting with your computer
