Aprašymas

As a professional tradesperson, you need tools that are easy to use and meet all legal requirements. The small and practical Bosch Professional VDE mixed hand tools set (5 pieces) contains 2 VDE pliers and 3 VDE screwdrivers. You can grasp or pull objects like nails, cut wires, or fasten and unfasten screws, even if you unexpectedly make contact with live parts. All VDE hand tools are very durable thanks to chrome vanadium steel. The slim S2 shafts and robust tips of the screwdrivers ensure fitting accuracy. With the pliers, you need up to 30 % less effort to cut material compared to standard pliers, thanks to high-leverage design and sharpened cutting edges. And due to soft grips and superior ergonomic designs, working with the VDE hand tools in this set is comfortable and convenient. The VDE screwdrivers are insulated with Thermoplastic Elastomer (TPE), the pliers with Thermoplastic Polyurethanes (TPU). All VDE hand tools in this set have been tested up to 10,000 volts and VDE-certified up to 1,000 volts according to DIN EN/IEC 60900. With the VDE hand tools added to our Bosch Professional range, you get all your tool requirements in reliable Bosch quality.

Equipment & Application

This set consists of a 5 Bosch Professional VDE hand tools: 1 VDE diagonal side cutter (160 mm), 1 VDE long nose pliers (200 mm), and 3 VDE screwdrivers SL 3,5 / SL 6,5 / PH 2.
