Aprašymas

With the PST 800 PEL, there is no end to the number of different ways you can use this jigsaw. The universal jigsaw combines a compact size, lightweight design and exceptional handling to provide ultimate user comfort. Thanks to innovative Bosch CutControl, you can enjoy both precision and control while tracking the cutting line easily and safely. By enabling users to adjust the stroke rate using a trigger switch, the tried-and-tested Bosch Electronic system makes it easy to start the sawing process and adapt the speed to suit the material at hand.

Key product features

- Endless possibilities. One machine: compact size, low weight and outstanding handling ensure perfect control and optimum user comfort
- Optimum precision and control – the innovative Bosch CutControl enables you to track the cutting line easily and safely
- Precision in every material due to the tried-and-tested Bosch Electronic: stroke rate control using the trigger switch for an easy sawing start and material-specific working

Other product advantages

- Powerful 530 W motor and 80 mm cutting depth in wood – making even hard jobs easy
- 4-stage orbital pendulum action for faster sawing progress, better sawing of curves and longer lifetime of the saw blade
- Minimal vibration and safe and comfortable working due to Bosch “Low Vibration” with linear mass balance and ergonomic softgrip
- Bosch SDS ensures effortless and safe saw blade changes within seconds – without the need for additional tools

- Switchable air blast function ensures a clear view of the cutting line at all times
- Dust extraction port – for dust-free working
- Robust sole plate for steady guidance
- Up to 6 saw blades can be easily stored in the integrated saw blade storage compartment
- New cable guide with hanging hook for practical storage
