Pagrindinės savybės

- ✓ Offers protection from 27 dB to markets highest 37 dB
- ✓ Wide flat headband is electrically insulted making the earmuffs electrically resistant or 'dielectric'
- ✓ Colour-coding makes it easy to identify the level of protection being worn
- ✓ Slim cups offer improved compatibility with other safety equipment
- ✓ Wide soft ear cushions help workers stay comfortable
- ✓ Twin headband design provides heat dispersion and internal stainless steel design offers consistent pressure and comfortable fit over an 8 hour period
- ✓ Designed to optimise weight distribution and balance for outstanding comfort
- ✓ ABS plastic cups are rigid, high strength and impact resistant
- ✓ Thermoplastic polyurethane (TPU) soft outer cup coating protects from abrasion and bumps

Aprašymas

X series earmuffs combine 3M™ Peltors™ legendary hearing protection knowledge with our most advanced technologies, creating our most comfortable, curable earmuff. A broad range of protection in colour coded SNRs they make finding the correct protection level easier.

Get comfortable and durable high performance hearing protection with 3M™ PELTOR™ Earmuffs X Series. The electrically insulated, twin headband design helps reduce heat build-up on top of the head, and the stainless steel wire, coated with hard plastic, makes the headband the most robust 3M has to offer. Carefully moulded sliders ensure the earmuffs are easy to adjust when on the head. Wide, soft foam ear cushions help workers stay comfortable, while the large space inside the ear cups gives an easy fit over a wide variety of ear sizes. Our X Series range is available in headband and helmet mounted versions, and offers attenuation levels from 27 to 37 dB. Each product in the series is colour-coded, making it simple to select the correct level of protection.
