Aprašymas

Small tool, big performance: the EasyPump is Bosch's intuitive air pump for all applications of up to 10.3 bar. The unit's real-time measurement and the pre-select function supports convenient and precise inflation results. The pump features a clear interface and a roomy display, readable during daylight. Its compact and lightweight design makes it an ideal companion to take along. Equipped with various adapters, neatly stored in the storage compartment, the EasyPump can inflate all sorts of tyres (e.g., car, bike), balls (e.g., footballs), and even small water sports articles. Inflating has never been easier.
