Aprašymas

EXPERT HEX-9 Hard Ceramic and Multi Construction for Long Life and Precision

When you drill in hard ceramic, you want to start holes with precision, without scratching the expensive tile. And once you've drilled through it, you need a multi-material drill bit to tackle construction materials behind. We made the EXPERT HEX-9 Hard Ceramic and Multi Construction Drill Bit Set to help you complete these two tasks with ease.

The EXPERT HEX-9 Hard Ceramic and Multi Construction Set includes the drill bits you can use to complete two different tasks with ease. Thanks to our Carbide Technology, the EXPERT HEX-9 Hard Ceramic is exceptionally strong and durable: it will help you drill in the hardest ceramic tiles. The EXPERT HEX-9 Multi Construction uses our advanced Centering Geometry to tackle any construction materials behind the tiles – so that you can drill holes precisely where you need them.
