### Pagrindinės savybės

- ✓ High resolution of 800 x 480 pixels ensures clear picture quality on big 4.3" screen
- ✓ The convenient Up Indication always points up for optimal user orientation
- ✓ Ideal on tough jobsites thanks to IP ratings for dust and water protection

### Aprašymas

### Product Highlights

The GIC 12V-4-23 C Professional inspection camera is the ideal tool for HVAC/plumbers, car mechanics, or electricians. It has a large 4.3" monitor that displays clear, high-definition images of 800 x 480 pixels, enabling quick and intuitive analysis of pipes, ducts, or other hard-to-reach areas. Image orientation is easily determined thanks to the handy Up Indication feature that always points upwards. This ergonomic camera is robustly designed for use on tough jobsites and hard-to-reach spaces. It comes with an IP67 rating for the camera head, protecting it from dust and short periods of immersion in water, and IP54 dust and splash water protection for the tool.

### Equipment & Application

This inspection camera is ideal for multiple tradespeople applications such as inspecting the interior of distribution boxes, pipes, and wall cavities as well as for hydraulic systems and applications in the automotive sector.

### Additional Information

Photos taken with the GIC 12V-4-23 C Professional are easily transferred via USB-C® cable.

## Techninė specifikacija

| Display                            |                              |
|------------------------------------|------------------------------|
| Display resolution                 | 800 x 480 pixels             |
