Pagrindinės savybės

- ✓ Effortlessly cut branches up to 80 mm with the Swiss precision blade
- ✓ The detachable 'A' Grip holds the branch for easier single-handed use
- ✓ Interchangeable blades mean one tool for a wide range of home and garden tasks
- ✓ Powerful 18V battery with up to 115 cuts per charge
- ✓ Slow start cutting action, for greater control and comfort
- ✓ Syneon Technology regulates energy use for optimal efficiency and longer runtime

Aprašymas

POWER FOR ALL cordless systems from Bosch

Whether drilling, cleaning or gardening. Switch quickly and easily between different devices with the 18 V POWER FOR ALL battery from Bosch. For even more flexibility the battery fits also in tools of other POWER FOR ALL battery alliance partner.

Syneon Technology: Runs longer

The Syneon Technology constantly analyses the power requirement and draws just as much energy from the battery as needed, for optimum power during high-powered tasks and maximum endurance during less intense jobs.

Steady and versatile - 'A-Grip' supports branches

Achieve hassle-free, single-handed trimming with the detachable 'A-Grip' that holds unsteady branches for added control, providing a safer environment and a cleaner cut.

High quality cutting performance

Swiss precision blade allows sharp, high quality cuts for optimal performance and durability.

One saw for a wide range of tasks

Fit different Swiss blades to make cutting wood, metal, and plaster possible with a single tool. The simple SDS system means no tools to change blades

Clear view of battery status even during work

Ensure there is enough charge left for the task at hand: the battery level indicator shows the battery's status at a glance.

A more comfortable switch-on process

Soft start feature increases the tool power gradually until it reaches full speed. This enables a more comfortable and controlled working experience.

Techninė specifikacija

Features	
Lock-on function	Yes
Product colour	Black, Green, Red
Performance	
Idle stroke rate (max)	2300 spm
Idle stroke rate (min)	0 spm
Stroke length	115 cm
Vibration level (board)	19 m/s²
Vibration level uncertainty (wooden beam)	20 m/s²
Power	
Power source	Battery
Battery capacity	2 Ah
Battery voltage	18 V
Battery level indicator	Yes
Removable battery	Yes
Weight & dimensions	
Width	63 mm
Depth	285 mm
Height	138 mm
Weight	1.4 kg
Matmenys ir svoris	

Svoris

1,52kg
