## Aprašymas

### Lightweight and compact with smooth power to complete a wide range of tasks

This powerful, lightweight, and compact combi drill provides the ideal mix of power and versatility. The sleek ergonomic design offers comfortable handling. Always using the right amount of power on every task is simple thanks to 20 different torque settings and drilling and impact drilling selections. Its high-performance 2-speed planetary gear box meets the demands of each application. The UniversalImpact 18V is designed for drilling and screwdriving in wood and metal, as well as for impact drilling in masonry. It has a 10-mm shank and single sleeve chuck for easy screw bit and drill bit changes.

### Two gears for consistently optimal power

The 2-speed gearbox enables choosing the right power setting for each job. Its low-speed first gear is ideal for screwdriving and drilling larger diameters, while its second gear allows a quick drilling progress at small diameters.

### Precision made easy

20 torque stages for maximum precision: simply select the desired torque on the pre-setting ring for individual adjustments on different materials. Once set, the max final setting ensures optimum power.

## Quick and easy drill and bit change

The single-sleeve chuck design combined with an automatic spindle lock enables one-hand operation for quick and easy drilling and bit changes.

## Power for ALL cordless systems from Bosch

Whether drilling, cleaning or gardening. Switch quickly and easily between different devices with the 18 V Power for ALL battery from Bosch. For even more flexibility the battery fits also in tools of other Power for ALL battery alliance partner.
