Pagrindinės savybės

- ✓ Intuitive selection modes and automatic gear changes match each application
- ✓ Switch system provides one-click direction change with an indicator LED light
- ✓ Easily switch between magnetic cap for screwdriving and drill chuck for drilling
- ✓ Powerful, compact and enduring thanks to brushless motor
- ✓ For screwdriving and drilling in wood, plastics and metal
- ✓ As optional accessory: angle screw adapter and eccentric adapter for all fixing tasks in tight and hard-to-reach areas
- ✓ POWER FOR ALL: One battery for an entire Home & Garden tools system

Aprašymas

Cordless AdvancedDrill 18 with intuitive user interface for amazingly easy use

This cordless drill driver is exceptionally intuitive and highly versatile. Choosing the desired mode for automatically matching gears to screwdriving or drilling is easy. The rotation direction can be changed with one simple click due to the innovative electronic switch system with an indicator LED light. Its brushless motor delivers power, compactness and endurance. A magnetic cap for screwdriving and a 13-mm chuck for drilling make changing between applications even more simple. The AdvancedDrill 18 allows for tackling a variety of jobs in wood, plastics and metal. The tool belongs to the POWER FOR ALL ALLIANCE. One battery can operate a large variety of tools from different brands.

POWER FOR ALL cordless systems from Bosch

Whether drilling, cleaning or gardening. Switch quickly and easily between different devices with the 18 V POWER FOR ALL battery from Bosch. For even more flexibility the battery fits also in tools of other POWER FOR ALL battery alliance partner

Impossible to choose the wrong mode

The intuitive mode selection makes changing between screwdriving and drilling easy. Gears are automatically adjusted according to the selected working mode to perfectly fit each job.

Always work in the right direction

The easy-to-handle innovative switch system comes with an indicator LED light and clearly shows if the tool is spinning forwards or backwards. If the tool has been in standby for a while, it starts in a forward direction.

Endurance and power

The brushless motor combines a significantly longer service life with more power. Electronically operated, it reduces heat, is contactless, wear-free and works with maximum efficiency, while its compactness enables a lighter and easier-to-use tool construction.

Holds screws in place for one-hand use

The magnetic cap automatically holds screws in place, so one hand is free to hold workpieces for more flexibility and freedom while working.

Quick adapter changes for fast work

The QuickSnap interface allows for fast changes between the drill chuck and the magnetic cap to quickly switch between drilling and screwdriving.

Accessories are always at hand

With the screw garage, accessories are always easily at hand. A magnet at the foot of the tool holds screws and bits for easy accessibility.

Techninė specifikacija

Features	
Drilling	Yes
Screwdriving	Yes
Hammer drilling	No
Product design	Pistol grip drill
Chuck type	Keyless
Adjustable speed	Yes
Adjustable torque	Yes
Built-in light	Yes
Motor type	Brushless
Spindle lock	Yes
Built-in bit storage	Yes
Hangable	Yes
Product colour	Green
Performance	
Chuck capacity (max)	1.3 cm

Number of gears	2
Idle speed (max)	1350 RPM
Drilling diameter in wood (max)	3.5 cm
Drilling diameter in steel (max)	1.3 cm
Idle speed (min)	430 RPM
Idle speed (1st gear)	430 RPM
Idle speed (2nd gear)	1350 RPM
Torque settings	20
Torque (min)	24 N·m
Torque (max)	42 N·m
Maximum torque (soft applications)	24 N·m
Maximum torque (hard applications)	36 N·m
Rated torque (1st gear)	24 N·m
Rated torque (2nd gear)	36 N·m
Rated torque (3rd gear)	42 N·m
Screw diameter (max)	1 cm
Vibration level (metal drilling)	2.5 m/s ²
Vibration level uncertainty (metal drilling)	1.5 m/s ²
Vibration level (screwdriving)	2.5 m/s ²
Vibration level uncertainty (screwdriving)	1.5 m/s ²
Power	
Power source	Battery
Battery technology	Lithium-Ion (Li-Ion)
Battery capacity	2.5 Ah
Battery voltage	18 V
Removable battery	Yes
Technical details	
Uncertainty K	1.5 m/s ²
Weight & dimensions	
Weight	1 kg
Width	58 mm
Depth	158 mm
Height	224 mm
Packaging content	

Battery included	No
------------------	----

Screwdriver bit	Yes
-----------------	-----

Matmenys ir svoris

Svoris	1,50kg
