Pagrindinės savybės

- ✓ 20 m
- ✓ USB A Straight Male
- ✓ USB B Straight Male
- ✓ USB 2.0
- ✓ Black
- ✓ 1 pc(s)

Aprašymas

Stable USB connection over long distances: Active signal amplification for loss-free data transmission up to 25 m
Ideal for professional use: Connection of USB-B devices such as printers or scanners in office, laboratory or technical environments
High-quality workmanship: Robust connectors, molded strain relief and durable cable sheathing
Universally compatible: Works with all common USB-B devices without additional drivers
Reliability through plug & play: Quick commissioning without configuration effort

The InLine® USB 2.0 active cable with USB-A to USB-B connection is a reliable and powerful connection solution for professional applications. The integrated signal amplification enables stable data transmission even with cable lengths of up to 25 meters - ideal for complex workplace environments in which devices are operated separately. The high-quality plugs with strain relief and the robust sheathing ensure a long service life even with frequent use.

Thanks to the USB 2.0 standard, the cable is compatible with a wide range of peripheral devices such as printers, scanners or industrial control
