Aprašymas

The Smart Charge cable series is the next level of intelligent charging. The cable makes sure that your battery wont overheat, because of the automatically power shut down, when fully charged.

The cable has an light indicator so you always can see if it is charging or not. Here below are explained how it works.

The indicator will start blinking orange when it is fast charging and start blinking green when it is charging at a normal speed. The indicator will turn in to Green when it is fully charged. After 30 minutes the indicator will turn of the green light and the cable is now cut 100% off.

Extend the life of your battery with this smart Charge cable!
