Aprašymas

Create feature-rich HDMI connections, up to 15 m away with no signal loss

This High Speed HDMI™ Cable with Ethernet is designed to deliver superior video and audio performance while ensuring reliable connectivity with a variety of HDMI devices, including HDTVs, stereo receivers, projectors, gaming consoles, and more. The active cable also features a thinner wire construction for more flexibility, making it ideal for in-wall installations.

High Speed HDMI™

This HDMI 2.0 cable delivers high performance with support for 4K (3840x2160p) resolution at 60Hz, 18Gbps bandwidth, and HDR (High Dynamic Range) for enhanced contrast and color. It's ideal for home theaters, digital signage, and presentations, offering sharp visuals and up to 32 uncompressed audio channels for clear sound.

Premium Build Quality

Constructed with 24 AWG copper wire, gold-plated connectors, and superior EMI shielding using Al-Mylar foil and a copper braid, this cable minimizes signal loss and interference. The cable’s built-in amplifier circuitry actively boosts the HDMI signal with no external power required. It supports longer connections than regular HDMI.

Note : This cable features unidirectional architecture which requires that the cable is installed in the correct direction. Please ensure that the HDMI connector labelled with "TV" is connected to the display, in order to ensure that the device and the HDMI source are connected properly.

Techninė specifikacija

Features	
Cable length	15 m
Connector 1	HDMI Type A (Standard)
Connector 2	HDMI Type A (Standard)
Connector 1 gender	Male
Connector 2 gender	Male
Product colour	Black
Connector contacts plating	Gold
Connector 1 form factor	Straight
Connector 2 form factor	Straight
HDMI version	2
3D	Yes
Supported graphics resolutions	3840 x 2160
Bandwidth	18000 MB/s
High Dynamic Range (HDR) supported	Yes
Maximum refresh rate	60 Hz
