- ✓ Faster and easier targeting for long-distance indoor measurements with its green laser spot
- ✓ Designed to withstand rough job sites with IP65 design dust-tightness and protection against jets of water
- ✓ Customisable favourite button for shortcuts to specific measurement functions or settingsSee technical details

Aprašymas

GLM 50-25 G Professional: Further information
Product Highlights
The GLM 50-25 G Professional offers the great visibility of its green laser spot for easier targeting when measuring over long distances indoors. With its IP65 design, it is completely protected from dust particles and against jets of water, while its shock-absorbing housing ensures a 1.5-m drop resistance even on hard concrete. It features a customisable button to define preferred measurement functions or settings and vibration feedback to confirm measurements. Its intuitive user interface supports 30 languages and consists of a colour display and a Big Numbers Mode for better readability.
Equipment & Application
Ideal for placing and fitting elements at wood, general, and drywall construction for electricians, HVAC installers, and plumbers. When it is used for finishing, it is perfect for painters, floor layers, tilers, and carpenters to calculate material needs.
Additional Information
Long battery runtime with Alkaline batteries or the optional Li-ion battery pack.

Techninė specifikacija

Design	
International Protection (IP) code	IP65
