- ✓ Filter cleaning mechanism and HEPA filter helps maintain constant airflow and provide outstanding dust extraction results
- ✓ Two interchangeable dust eyes make it ideal for a wide range of jobsSee technical details

Aprašymas

GDE 28 D Professional: Further information
Product Highlights
Lightweight integrated dust extraction: the GDE 28 D Professional. With a very compact and lightweight design of only 0.8 kg, it offers excellent ergonomics. It can be easily assembled by just one click, and emptying of the dust box is convenient without removal of the filter. Its filter cleaning mechanism that taps out the high-quality HEPA filter helps maintain constant airflow and provides outstanding dust extraction results. Highly flexible thanks to two interchangeable dust eyes for drilling up to 28 mm in diameter and an extension for bits up to 265 mm in length, it is ideal for a wide range of jobs.
Equipment & Application
The integrated dust extraction attachment is suitable for use when drilling or hammer drilling with the GBH 18V-28 DC Professional.
Additional Information
The GDE 28 D Professional features a transparent dust box to observe filling ratio and adjustment of drilling depths.
