Pagrindinės savybės

- ✓ Privacy Screen for desktop screens 23"W (16:9)
- ✓ Works with touch screens and dual screens
- ✓ Durable water resistant cover with secure elastic closure
- ✓ Blue light filter: Targus Privacy Screens reduce blue light for better protection and reading comfort
- ✓ Anti-glare
- ✓ Protect the information on your screen from unwanted viewing
- ✓ Targus privacy screens are more touch-sensitive than other screens on the market
- ✓ Reversible screen: shiny side ensures clarity for viewing inside, matt side reduces glare for viewing in bright light

Aprašymas

Protect the “data” on your visible screen in the office or on the move.

There are some things in life that are great to share. Important personal or company documents are not amongst them. You would not pass your personal photo album or business documents to the person sitting next to you in an airport or on a plane.

The digital age has replaced traditional paper documents and photographs with electronic files and digital pictures. So protect whatever information is on your screen from wandering eyes with a Targus Privacy Screen. The Privacy Screen is a micro slim film that covers the notebook/ LCD screen and only allows normal viewing from directly in front of it, whilst also reducing glare from the screen and protecting it from damage.

-Protect the information on your screen display from unwanted viewing.
-Anti glare – Non reflective screen helps reduce eyestrain.
-Easy to attach (and can be detached as needed).
-Protects the screen display from scratching and damage.

Techninė specifikacija

Design
