Aprašymas

Belkin DisplayPort cables bring a new, all-digital, high-performance cable standard to life. DisplayPort cables provide the ideal digital display interface standard for maximum high-definition performance, all in one cable. This top-of-the-line technology delivers extreme refresh rates, intense color depths, and high resolution for all your computing display needs. With its compact size, Belkin DisplayPort cables will be the only high-definition, all-digital audio video cable a user will need for any DisplayPort-enabled digital computing device. And because DisplayPort technology is highly scalable, DisplayPort is the future-proof standard for all embedded and box-to-box applications.

Features:

- Provides both digital video and audio in one cable.
- Works with any DisplayPort-enabled desktops, laptops, or monitors.
- Provides up to 1080p resolution with digital audio.
- Plug and play for box-to-box applications.
- Supports HDCP (High-Definition Content Protection).
- Smaller connector footprint than either DVI or VGA.
- Supports color depth of 6, 8, 10, 12, and 16 bits per component.
