Pagrindinės savybės

- ✓ 6x safety socket
- ✓ With 7 illuminated ON/OFF switches
- ✓ Outlets in 45° position
- ✓ Sockets with safety shutter
- ✓ IP20 for protection against contact with fingers or similar objects
- ✓ Each socket is individually switchable; an additional main switch can switch the complete socket strip on/off
- ✓ Overvoltage protection
- ✓ Angled safety plug

Aprašymas

Whether as an extension or as an option to be able to connect even more devices for example to a single wall outlet, LogiLink's power strip LPS250 enables you to do both. The 6 safety sockets are arranged at an angle of 45°, making it easier to plug in angled plugs. Each socket is individually switchable, as each socket has its own illuminated ON/OFF switch. An extra switch, which is also illuminated like the individual switches, ensures that the entire strip can be switched off quickly and easily, even in the dark. In addition, the LPS250 has overvoltage protection and sockets with safety shutter. With the multiple power strip from LogiLink you gain a practical helper for every room, because due to its cable length of 1.5m you now have even more freedom when placing your devices, whether it is at home or in the office.

Techninė specifikacija

Features	
Cable length	1.5 m
Placement supported	Indoor
On/off switch	Yes
AC outlet types	Type F
Power plug type	Type F (CEE 7/4)
International Protection (IP) code	IP20
Core size	1.5 mm²
Product colour	White
Certification	CE
Ports & interfaces	
AC outlets quantity	6 AC outlet(s)
Power	
AC input voltage	250 V
AC input frequency	50 Hz
Maximum input power	3680 W
Maximum current	16 A
Weight & dimensions	
Width	70 mm
Depth	320 mm
Height	40 mm
Weight	500 g
Technical details	
Compliance certificates	RoHS
Packaging data	
Number of products included	1 pc(s)
Package width	355 mm
Package depth	130 mm
Package height	40 mm
Package weight	510 g
