Pagrindinės savybės

- ✓ All-in-one: line laser with integrated measuring tape for easy attachment, alignment, and measurement
- ✓ Do it on your own: align objects on the wall easily without any help
- ✓ Fast and flexible: gel pad or pins ensure that line laser can be fixed on various surfaces
- ✓ Align and attach pictures, shelves, mirrors, handles, or hooks, or even a TV
- ✓ Vertical or horizontal levelling in all directions (0°, 90°, 180°, 270°); 1.5-m measuring tape

Aprašymas

Stop waiting for assistance - easy and flexible alignment of favourite objects in a flash

Hanging objects without further help has become easy. The Atino combines all relevant functionalities of a line laser and features an integrated 1.5-m measuring tape. The innovative gel pad can be fixed on smooth and insensitive surfaces, such as tiles and marble. When it comes to rough surfaces or wallpaper, the pin plate with the two small pins is the ideal attachment solution. It can be used for a wide range of jobs: whether aligning or hanging pictures or shelves, fixing hooks or handles, or arranging objects – the Atino is all that's needed. It enables vertical or horizontal levelling via intuitive LED indication, and offers an accuracy of the visible laser line of $\pm 0.3^\circ$.

Techninė specifikacija

Features	
Maximum range	2 m
Laser class	2
Laser diode	630-650 nm

Design

Type	Line level
Product colour	Black, Green

Battery

Power source	Battery
Battery type	AA
Battery voltage	1.5 V
Number of batteries supported	1

Weight & dimensions

Width	124 mm
Depth	65 mm
Height	115 mm
Weight	260 g
