Pagrindinės savybės

- ✓ Black, White
- ✓ Indication light
- ✓ Wi-Fi 2.4 GHz
- ✓ Number of melodies: 30
- ✓ Built-in microphone Built-in speaker(s)
- ✓ 3 MP
- ✓ Night vision
- ✓ MicroSD (TransFlash) 256 GB
- ✓ Power source type: Battery, USB Built-in battery

Aprašymas

Smart doorbell camera with two-way audio and recording function. Works with the free Trust WiFi app. Includes wireless chime.

Free app

Add the smart doorbell camera to the free Trust Smart Home WiFi app and use your phone to answer visitors or view recordings. All you need is WiFi (2.4 GHz), so there are no expensive hubs or subscription fees.

Flexible installation

The smart video doorbell has a built-in battery, allowing you to use it completely wirelessly. Charging is easy via USB-C. Prefer a permanent power supply? The doorbell also supports a wired connection (8-24V), so you never have to think about charging. This allows you to choose the installation that best suits your situation.

Chat with your visitors

Whether you're at work, out shopping or relaxing on the sofa, two-way audio means you're always in direct contact with whoever is at the door. For example, you can instruct the parcel delivery driver to leave the parcel with your neighbours or ask an unexpected visitor to wait while you're out.

24-7 everything in view

See visitors in crystal-clear images with a resolution of 3MP. The doorbell is equipped with infrared night vision, so you also have excellent images in the dark. Thanks to the wide-angle lens, the camera captures a large part of the outdoor area, allowing the doorbell to keep an eye on things.

Local storage possible, no subscription fees

Easily store video footage locally on a microSD card of up to 256 GB (not included). This way, you always have access to your recordings without additional subscription costs for cloud storage. The camera will automatically start recording (optional) as soon as movement is detected at your front door. You can easily review these recordings in the app, so you can see exactly what happened.

Wireless chime included

Never miss a visitor: the included wireless chime can be placed anywhere in your home so you will always hear the doorbell, even if you do not have your mobile phone handy. Choose from dozens of melodies and set the desired volume of the chime at the touch of a button.

Techninė specifikacija
