Pagrindinės savybės

- ✓ Keep work moving with plug-and-play USB Type-C and USB Type-A connectivity, intuitive inline controls, and easy device management via HP Poly Studio App. These headsets make getting started easy — so you can focus on your work, not your setup.
- ✓ Stay in the zone with a headset made for long, demanding days. Lightweight materials and soft ear cushions keep you comfortable through meetings, ensuring focus stays on the conversation — not your headset.
- ✓ Designed for productivity, the HP Poly Mission 420 headset keeps conversations efficient and professional. A single noise-canceling mic and super wideband audio make every word come through clearly.
- ✓ This headset is thoughtfully designed containing at least 25% post-consumer recycled plastics^[2] and shipped in paper-based packaging^[3].

Large 32mm drivers produce clear, balanced sound for more natural communication.

Active noise reduction blocks background noise and keeps voices clear for focused conversations.

SoundGuard Digital™ limits loud sounds and keeps listening levels safe for longer calls.

A 385-degree rotating microphone lets users wear the boom on either side for comfort and control.

Aprašymas

Power your productivity

Stay focused and connected with dependable, consistent audio and easy USB setup. HP Poly Mission 420 headset makes every conversation clear and the day more productive.

Techninė specifikacija

Performance
