Aprašymas

Turn your laptop into a dual display workstation no matter where you go. Compact, lightweight, and built for performance, this sleek dock lets you expand your workspace wherever you are. With two HDMI ports, you can connect up to two 4K monitors for stunning visual clarity. Stay seamlessly connected with Gigabit Ethernet and plug in all your essential peripherals – from mice and keyboards to flash drives and external hard drives – via USB-A and USB-C ports*. For maximum efficiency, simply plug your laptop's power charger into one of the USB-C port to keep your device powered while you work.

Crafted with recycled materials, this tiny yet mighty dock is the smart, sustainable choice for eco-conscious professionals who demand performance without compromise. *One of the USB-C port can serve as both a 10Gbps data port or power pass-thru port.

** Dual extended video available for MST devices only. Non-MST devices like Mac or iPad will only mirror.

***140W charging requires compatible host machine supporting PD3.1 Extended Power Range (EPR). PD 3.0 Power Delivery up to 100W for compatible hosts.

Dual Video Support

Unlock a rich, ultra-high-definition viewing experience with dual HDMI ports that support up to 4K resolution – whether you're using a single display or going full dual-screen*. Perfect for multitaskers, creatives, and anyone who thrives with more screen real estate.

Amped up Charging

Power your high-performance laptop with up to 140W PD EPR Power Delivery pass-through**, this dock keeps your USB-C laptop charged and ready by simply connecting your laptop's power adapter to the dock's USB-C port. Ideal for devices with limited ports – no compromises, just seamless power.

Perfectly Portable

Slim, lightweight, and built for mobility, this dock is perfect for hybrid professionals, frequent travellers, and those always-on-the-go. With a combination of two USB-C and two USB-A ports, it's ready to keep you connected and productive.

Plug and Play Simplicity

No software. No hassle. Just plug into your USB-C device and instantly connect to a wired network, multiple peripherals, and fast data transfer. It's streamlined connectivity at its best.

Eco-Friendly Exterior

Made with 75% recycled post-consumer plastics and aluminium, this EcoSmart™ dock combines outstanding performance with a commitment to sustainability, contributing to a greener future without compromising on speed or reliability.
