- ✓ Sausas naudojimas Atsparus pirštų atspaudams
- ✓ Atsparus įbrėžimams, Atsparus smūgiams
- ✓ 1 vnt

Aprašymas

No "Oops!" with Hoops®! The PanzerGlass® Hoops® Camera Lens Protector keeps your camera lenses safe from accidental drops on stone-hard floors, bumps against sharp corners, and the screeching kiss of keys in your pocket. These Hoops® feature a clear frame that allow your phone's color to shine through, enhancing its natural look. The slim profile optic rings are equipped with scratch-and shock-resistant glass and a metal frame that protect your lenses as well as looking great. And if you're worried about image distortion, you can rest easy: Hoops® don't affect the clarity of your lenses or the quality of your photos – they just give you a bit more peace of mind.

The camera lens protector is designed for easy application and perfect fit. They are equipped with a silicone adhesive along the edges! And remember: Once Hoops® are installed, you'll never again fear the sight of your phone tumbling to the ground camera first. This may not happen, but if it does, you'll regret not having clicked "add to cart".

Hoops® protect and prolong the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do.

It's the new circle of phone life. By extending the lifespan of our devices, we postpone the need to produce new devices. This is one way of working toward a more sustainable future. Another is to use less packaging and make it more sustainable: In 2024, we reduced the amount of paper in our PanzerGlass core product packaging design by an average of 66%* and of course this product comes in a recyclable FSC™-certified box.

*Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.

Techninė specifikacija

Features	
Protector type	Clear screen protector
Brand compatibility	Samsung
Compatibility	Samsung - Galaxy A56 5G
