Pagrindinės savybės

- ✓ 10 Gbit/s
- ✓ Material: Aluminium
- ✓ Storage media type: SSD, Memory card
- ✓ Storage drive sizes supported: M.2
- ✓ Host interface: USB 3.2 Gen 2 (3.1 Gen 2) Type-C
- ✓ Silver

Aprašymas

A natural match for your setup

The Club Dock 100 was created with Apple Mac mini M4 in mind, matching its overall style, design, and especially the color tone, so it feels like part of the original setup. It doesn't just look right — it solves the everyday issues Mac mini M4 owners face, including the power button hidden

underneath the device. By bringing comfort, clarity, and visual consistency to your desk, the Club Dock 100 becomes the perfect companion for the Mac mini M4.

The right ports - in exactly the right place

The Mac mini M4 may have moved on from USB Type-A, but most of your daily accessories have not. The Club Dock 100 brings back 3 USB Type-A ports, giving you an easy way to connect keyboards, mice and other essentials without adapters or workarounds. It restores the practicality many users have been missing. With these ports, including SD® and microSD® multi-LUN card readers, placed at the front, everything becomes quicker, simpler, and far more convenient.

Built-in storage that grows with you

With an integrated M.2 NVMe slot, the Club Dock 100 lets you add up to 4 TB of fast, reliable storage directly into your setup. Use the included screwdriver to install common NVMe sizes from 2230 to 2280. Choose the capacity that fits your needs today and upgrade later as your workflow expands. The dock gives you quick access to your files, keeping everything within reach while keeping your desk clear – simple, practical, and always ready for more.

Techninė specifikacija

Hard drive	
Storage media type	SSD, Memory card
Storage drive sizes supported	M.2
Number of storage drives supported	1
Maximum storage capacity	4 TB
Ports & interfaces	
Host interface	USB 3.2 Gen 2 (3.1 Gen 2) Type-C
