Aprašymas

The Vivolink In-Ceiling Speaker is a professional 100V / 70V / 8 Ohm ceiling speaker designed for commercial audio installations where clean design and high-quality sound are essential.

Its integrated back can enhance bass performance while helping to ensure controlled and consistent audio reproduction. The adjustable 1" silk dome tweeter allows precise sound direction for optimal coverage in meeting rooms, hospitality environments, retail stores, restaurants, classrooms, and public spaces.

The frameless magnetic grill provides a modern and discreet appearance that blends seamlessly into ceilings, making the speaker ideal for professional installations where aesthetics matter.

Vivolink combines flexible 100V installation options, detailed sound reproduction, and easy installation in one elegant in-ceiling speaker solution.
