Aprašymas

The compact USB wallcharger AXAGON ACU-PD30W Sil for fast charging of mobile devices. With s maximum power of 30W, the charger charges phones, tablets and other mobile devices at the highest possible speed. The adapter offers a reversible USB-C connector.

Compact size and high performance is given by the new Sil technology used. Super silicon uses advanced silicon-based materials. The charger can thus achieve smaller dimensions and at the same time safe, stable and fast charging. The efficiency is thus identical to GaN technology while maintaining a favorable price. The charger is equipped with Power Delivery 3.0 / Quick Charge 4+ USB Type-C, enabling fast charging of smartphones and tablets with a power of up to 30W.

The charger supports 20W PD charging for iPhone 12, 13, 14 and 15 and also offers 27W PD charging for iPhone 13 Pro, 14 Pro, 15 Pro and their Pro Max models. The adapter is also compatible with other fast phone charging standards such as Apple iPhone, iPad, Samsung, Huawei, Honor, Xiaomi.

The advanced protection system at the charging adapter output protects the device being charged from damage. The charger function also detects the device being charged and selects the optimal charging speed and progress.

The body of the power adapter has a pleasant shape and size. Compared to classic charging adapters with same parameters, the size of the charger is a third smaller. The combination of small dimensions, achieved with Sil technology and a wide range of input voltages, makes the charger an ideal travel helper.
