Aprašymas

3-in-1 Charging

Get all your devices charged at the same time with the Verbatim 3-in-1 charging station.

Wirelessly charge your Apple Watch, iPhone (8 or later) or other Qi-certified wireless charging enabled device, and a third device by cable via the Quick Charge 3.0 USB-A port.

Compact and elegant

Its compact design and stylish aluminium base make it ideal for your office set up or bedside table.

There is no need to remove your phone case because the wireless charging pad can charge through most cases up to 3mm.

Keeps your batteries healthy

The charging station is engineered to charge devices as fast as possible, although the actual charging speed is dependent on the device – Apple watches charge at 5W while other devices can charge at up to 15W.

With over-current, over voltage protection, the charger can prevent over-charging your devices' battery.
