Pagrindinės savybės

- ✓ For a maximalist listening experience and your very own listening profile - perfect sound, convenient control: the wireless in-ear headphones with superb sound quality offers ANC, app control, ENC and ambient mode
- ✓ Louder and quieter via voice command: volume can be adjusted via voice assistants
- ✓ Charge the headphones in the case on the go: the case can charge the wireless headset up to 3 x
- ✓ Music time headset-only: 5 h without ANC, 4 h with ANC
- ✓ Total music time with recharging in the charging tray: 20 h without ANC, 16 h with ANC
- ✓ Talk time: 5 h with a fully charged headset
- ✓ Use only ANC: 8 h with a fully charged headset
- ✓ Quick charging protects the battery: the earphone batteries are charged to 85% in 30 minutes - Total charging time for in-ear headphones and charging box: 2 h
- ✓ Always in view: LED function indicator on the charging box flashes when the battery is low - You immediately know when you need to recharge
- ✓ Charge the headphone case via USB-C cable, charge the wireless headphones in the charging tray

Aprašymas

The Bluetooth headphones for a real sound experience in life, on holiday and at work: no more disturbing ambient noise - enjoy music in peace with the wireless earbuds, make phone calls uninterrupted or work with full concentration - easily and conveniently controlled via app.

App control

Convenient app control via "Hama Smart Home": e.g. switch on ANC, transparency mode and the equaliser, Find My function, touch commands, name change or battery status of each earphone in per cent

3 active noise cancelling modes

Indoors, outdoors or on public transport: the active noise cancelling headphones with their in-ear design passively and actively in 3 stages screen out noise - with Commuting, Indoor and Outdoor ANC

Quick charge function

Extremely fast charging: thanks to Fast Charge, the Bluetooth earbuds are charged at high speed - just 10 minutes of fast charging are enough for a play time of 1.5 hours

Environmental Noise Cancelling (ENC)

Improved voice quality when making calls: the Bluetooth headset with ENC noise cancellation filters out disturbing ambient noise directly at the microphone - so your voice comes through crystal clear

Touch control

Touch control: the touch sensor allows intuitive operation without having to take your mobile phone out of your pocket, e.g. music playback (Play/Pause), take/make/reject calls / last number redial

Perfect fit, great look

The perfect fit for your ear: the Bluetooth headphones with their in-ear design and silicone ear tip fit securely and comfortably in any ear

Personalise your settings

The personal touch: custom-control the headphones in the "Hama Smart Home" app and switch even more quickly between modes

2 transparency modes

When listening to music, don't miss the important announcements: if necessary, listen to ambient sounds at reduced volume, while vocal transparency mode only allows voices through, e.g. announcements on the train

9 equaliser modes

Bass at the press of a button and so much more: the wireless headphones with no fewer than 9 equaliser modes create the perfect audioscape for your favourite sounds

True Wireless stereo

Intensive music enjoyment thanks to True Wireless Stereo (TWS): the headphones produce an authentic sound experience - for a live concert feeling at the press of a button whenever and wherever you want

True Wireless headphones

Reduced to the only thing that matters: comfortable in-ear headphones without tangling cables for even more freedom

Automatic switch-on & pairing

Great music straight away: when the charging box is opened, both earphones activate automatically and connect to each other and the mobile phone

Direct access to Siri and Google Assistant

Supports the voice assistants Siri and Google Assistant: Bluetooth pairing and touch control allow direct access - without having to hold the smartphone

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	In-ear
Recommended usage	Calls/Music
Headset type	Binaural
Product colour	Black
Control unit type	On-ear control unit
Control type	Touch
