Pagrindinės savybės

- ✓ Natural sound. Dynamic Bass
- ✓ Noise Cancelling
- ✓ Comfort on-ear fit
- ✓ Up to 70 hours of play time

Aprašymas

If you want super-comfy noise-cancelling headphones for daily use, these are it. You get rich sound with deep bass even at low volumes. The replaceable ear-cup cushions and battery maximise comfort and performance in the years to come.

Great sound even at low volume with Dynamic Bass

Custom-tuned 32 mm drivers and Dynamic Bass combine to bring you great sound with full, rich bass even at low volumes. If you're watching a film or gaming, you can turn on a low-latency mode in our companion app.

Comfort fit with replaceable components for years of use

Soft PU leather ear cups and a soft adjustable headband give you a super-comfy fit. For the best acoustic seal and comfort, you can replace the memory-foam ear cushions if they wear down over time. You can also swap out the headphone's rechargeable lithium-ion battery when it reaches the end of its life.

Always hear your music with Active Noise Cancelling

Active noise cancellation reduces external noise so you can focus on your tunes, podcasts and calls. You can leave it on auto or use the Philips Headphones app to adjust the levels yourself.

Stable Bluetooth® multipoint connectivity and easy pairing

Compatibility with the latest Bluetooth® 6.0 devices lets you stream without annoying dips in the sound, and you can connect to two devices at once. Android Fast Pair and Microsoft Swift Pair are supported too.

Up to 70 hours of play time (50 with noise cancelling on)

With noise cancelling off, you can get up to 70 hours of play time from a full charge, and with noise cancelling on, you get up to 50 hours. For a quick boost, charge for just 5 minutes to get an extra 4 hours.

Clear calls. They'll hear what you're saying

Your voice will come through clearly when you're on a call. A dedicated mic picks up the sound of your voice while a noise-reduction algorithm reduces some of the background noise from the world around you.

Philips Headphones app. Customise your experience

Feel like your music's missing something? Our companion app features EQ, an intuitive equalizer that lets you tweak the sound and explore different EQ settings using your fingertips. You can also use the app to adjust noise cancellation, activate Dynamic Bass, manage connected devices, update firmware and more.

Warm, natural sound. Philips sound signature

The custom drivers in these headphones are tuned to the Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.

GRS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled cardboard with inserts printed on recycled paper.

Custom-tuned 32 mm drivers

Bluetooth® 6.0, Android Fast Pair, Microsoft Swift Pair
