Aprašymas

The latest smartphones feature increasingly powerful camera systems. However, all this advanced technology amounts to nothing if you scratch or crack your lenses that would leave permanent scars on future photos. With the PanzerGlass® PicturePerfect Camera Lens Protector, your camera lenses are safe from accidental drops on stone-hard floors, bumps against sharp corners, and the screeching kiss of keys in your pocket. And if you're worried the extra protection will cause image distortion, you can rest easy: this camera lens protector doesn't affect the clarity of your lenses

or the quality of your photos – it just gives you a bit more peace of mind.

The PicturePerfect Camera Lens Protector protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way of working toward a more sustainable future. Another is to use less packaging: For this camera lens protector, we have managed to reduce the paper packaging by 37%* compared to previous models. So, of course, this product comes in a recyclable FSC™ -certified box.

*Measured by comparing the mass of the 2023 paper packaging with the mass of the 2022 paper packaging. Measurements performed by third-party lab (CPRTC, report No. ZSA20231301-0016).
