Compatible with wireless charging

With or without a cable: the headphone charging box can be charged via wireless charging technology - simply place the charging case on a suitable Qi charger and charge wirelessly

Charging tray with display

Check the battery level super-easily: the LED display indicates the charge state for both earphones and the case separately, so you immediately know when you need to top up

Quick charge function

Extremely fast charging: Thanks to Fast Charge, the Bluetooth earbuds are charged at high speed - just 10 minutes of fast charging are needed for a play time of 2.5 hours

Environmental Noise Cancelling (ENC)

Improved voice quality when making calls: the Bluetooth headset with ENC noise cancellation filters out disturbing ambient noise directly at the microphone - so your voice comes through crystal clear

True Wireless headphones

Reduced to the only thing that matters: comfortable earbuds without tangling cables for even more freedom

Automatic switch-on & pairing

Great music straight away: when the charging box is opened, both earphones activate automatically and connect to each other and the mobile phone

Touch control

Touch control: the touch sensor allows intuitive operation without having to take your mobile phone out of your pocket, e.g. music playback (Play/Pause), take/make/reject calls / last number redial
