Pagrindinės savybės

- ✓ 128 GB SDXC Class 10
- ✓ 10 MB/s
- ✓ Multicolour

Aprašymas

Verbatim SDHC (Secure Digital High Capacity, SD 2.0) Cards are designed to be used in compatible digital cameras, portable music players, camcorders, smart phones, PC's or other consumer applications. SDHC Cards use a FAT32 file system, a specification that was established for applications with higher capacity needs and are especially suitable for high-quality video.

The increasing use of high-definition video, high-resolution digital photography and mobile applications demands higher storage capacity and more demanding data transfer rates. Because of this, SDHC cards guarantee a minimum sustained data transfer speed, not a maximum speed.

Verbatim SDHC Cards are fully compliant with all applicable SD standards. They also contain a write protect feature to prevent accidental erasure. SDHC cards use the same physical format as SD cards but cannot be used with SD host devices that do not comply with SDA Specifications Version 2.0.

SDHC logo is a trademark.

Speed Class Rating:

The speed class rating is the official unit of speed measurement for SD Cards defined by the SD Association. It is equal to 8 MBit/s, and it measures the minimum write speeds based on "the best fragmented state where no memory unit is occupied".

Class 10: Guaranteed minimum data transfer rate of 80 Mbit/s (10 MByte/s).

*GB = 1 billion bytes. Capacity available for storage will be less; device uses up to 10% of memory for formatting and other functions.

Techninė specifikacija

Memory	
Capacity	128 GB
Flash card type	SDXC
Flash memory class	Class 10
Read speed	10 MB/s
Write speed	10 MB/s
Features	
Product colour	Multicolour
Write protection switch	Yes
Windows operating systems supported	Yes
Packaging data	
Quantity per pack	1 pc(s)
Package type	Blister
Logistics data	
Harmonized System (HS) code	85235190
Other features	
Transfer rate	80 MB/s
Matmenys ir svoris	
Svoris	0,01kg
