Pagrindinės savybės

- ✓ Multifunction dock that connects your smartphone or notebook to peripherals and an HDMI display while charging your devices
- ✓ Internal power supply that provides ample power for all workstation and charging functions — no external power adapter needed
- ✓ Lets your smartphone work like a desktop PC while also charging it
- ✓ Supports up to 1080p@60Hz resolution in Mirror or Extended mode
- ✓ Ultra-compact, portable and lightweight design for easy travel
- ✓ Total power output supported: 52.5 W
- ✓ One USB-C Power Delivery port delivering up to 45 W to charge a notebook, laptop, Ultrabook™, tablet or other USB-C powered device
- ✓ One USB-C port delivering up to 5 W (5 V / 1 A) to charge a tablet, smartphone, game console or other USB-C powered device
- ✓ Two USB 3.2 Gen 1 Type-A ports to connect mice, keyboards, flash drives and more or to charge and sync mobile devices with BC 1.2 up to 1 A
- ✓ Up to 5 Gbps data transfer speeds on USB ports following USB 3.2 Gen 1 specification

Aprašymas

The Manhattan Smart Video Power Delivery Charging Hub — a workstation dock for your phone or notebook that doesn't need an external power supply

The compact Manhattan Smart Video Power Delivery Charging Hub offers three vital functions that smartphone power users and business travelers do not want to miss: display connectivity, peripheral hookups and power for your devices.

Take it to the big screen

Connect your HDMI display to your notebook or to any Android 9 and later smartphone that supports video output over USB-C and enjoy your apps and media even more. Watch a video on your TV or flip through the slides of your presentation – all from your phone.

Add connectivity options

Be more versatile and productive on the road with two SuperSpeed (USB 3.2 Gen 1, formerly USB 3.0) USB-A ports. Type emails on your phone or notebook with a full-size USB keyboard or drag and drop files from a USB drive to your device with a USB mouse.

Power up

With a 45 W USB-C Power Delivery Port, another USB-C charging port with 5 W (5 V / 1 A) and two USB-A ports with 5 V / 1 A each, you have plenty of power to charge both your notebook and smartphone while still using all workstation functions. This Manhattan PD Charging Hub also smartly protects itself and your devices from short-circuits, over-voltage, over-current and overheating.

Integrated power supply for traveling light

To power your notebook through a regular docking station, you always need a separate power supply for that dock, which adds weight and takes up space in your bag. The extra-compact Manhattan Charging Hub comes with an integrated power supply and detachable C7 power cable. When you need to be on the move, you can stow the separate pieces in the tighter spaces of your luggage for more space to bring along other important travel items, including other regional C7 power cables (such as C7 to US, EU, UK or another region).

Techninė specifikacija

Ports & interfaces	
Host interface	USB 3.2 Gen 1 (3.1 Gen 1) Type-C
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	2
HDMI ports quantity	1
USB 3.2 Gen 1 (3.1 Gen 1) Type-C ports quantity	1
USB 3.2 Gen 2 (3.1 Gen 2) Type-C ports quantity	1
USB Power Delivery (USB PD)	Yes
USB Power Delivery revision	2

USB Power Delivery up to	52.5 W
Performance	
Product colour	Black
Hub interfaces	HDMI, USB 3.2 Gen 1 (3.1 Gen 1) Type-A, USB 3.2 Gen 1 (3.1 Gen 1) Type-C, USB 3.2 Gen 2 (3.1 Gen 2) Type-C
Certification	CE FCC RoHS
Power	
AC input frequency	50 - 60 Hz
Power supply type	AC
Output voltage	5 - 20 V
Software	
Windows operating systems supported	Windows 10, Windows 7, Windows 8.1
Mac operating systems supported	Yes
Operational conditions	
Operating temperature (T-T)	0 - 30 °C
Storage temperature (T-T)	-20 - 70 °C
Operating relative humidity (H-H)	5 - 95%
Storage relative humidity (H-H)	5 - 95%
Weight & dimensions	
Width	80 mm
Depth	63 mm
Height	30 mm
Weight	216 g
Packaging content	
Cables included	AC, USB Type-C to USB Type-C
Logistics data	
Harmonized System (HS) code	84719000
Other features	
Cable length	1.8 m
Maximum operating temperature	30 °C
Matmenys ir svoris	
Svoris	0,43kg
