Aprašymas

A fiery new playset is erupting into the schleich® DINOSAURS play world! Molten lava, volcanic ash, giant rocks and hours of imaginative play are bursting from the Volcano Expedition Base Camp playset. Exploding with action-packed play functions - glowing lava, cool vapor, realistic tremors, and a ground-shaking eruption. Batteries required (not included). Suitable for children ages 4 and up.

Imagine you're a dino researcher studying living dinosaurs deep in the jungle. Suddenly, the ground begins to tremble, and thick smoke darkens the sky. It's a volcanic eruption! Jungle creatures flee as magma bursts from a crater and giant, fiery boulders launch in all directions. Run! The Volcano Expedition Base Camp playset is part of the schleich® DINOSAURS theme world. It features an exciting eruption that catapults stones from the volcano's crater. Built-in LED lighting illuminates the lava flow for realistic magma effects. Feel the earth tremble as the volcano vibrates and emits smoke (don't worry, parents - it's a cool pretend smoke). Three (3) AA batteries and four (4) LR44/A76 batteries are required (not included). This playset comes with a realistic Ankylosaurus figurine and our popular Giganotosaurus figurine. For even more immersive play, combine it with the Large Dino Research Station from schleich® or any of our dinosaur-themed playsets (each sold separately). schleich® dinosaur toys introduce the limitless possibilities of storytelling and imaginative play. From fierce Velociraptor figurines and the popular brachiosaurus toy to our popular Large Dino Research Station, schleich® DINOSAURS let your stories run wild. Authentic dinosaur toys prowl with rich, accurate detail and texture, while full-featured dinosaur playsets bring action and learning to life. Our dino toy figurines love to crawl, fly and swim their way into stories featuring schleich® mythical creature toys, farm animal figurines and toy wild animals! schleich® dinosaur toys and playsets are built to last for generations. All our toys meet the highest national, international, and prehistoric safety standards.
