Pagrindinės savybės

- ✓ High clarity technology delivers vibrant colours and sharp text.
- ✓ Privacy-focused viewing angle enhances data security.
- ✓ Blue light reduction protects eyes and natural sleep cycle.
- ✓ Mount using the included frameless tab holders or the double-sided tape.
- ✓ Anti-reflective coating reduces glare.
- ✓ Features a 2H hardness rating for increased durability and protection.
- ✓ Meets wipe down (MIL-STD-810H Method 504.3 Contamination by Fluids) testing standards.
- ✓ 2-year limited warranty.

Aprašymas

The Kensington High Clarity Privacy Screen Filter combines vibrant visuals with effective privacy protection. High Clarity filters features nanolouvre technology to outperform standard privacy screens, allowing up to 40% more light transmittance compared to standard screens.* This results in vibrant colours and sharp text, making the filters ideal for detailed tasks and limiting viewing angles to $\pm 30^\circ$ to safeguard sensitive information. Each filter reduces blue light by up to 28%, easing eye strain and promoting better sleep. Installation options include frameless tab holders or double-sided tape. An anti-reflective coating minimises glare. Scratch-resistant and tested for military-grade wipe-down protection, it meets rigorous durability standards, ensuring long-lasting protection while aiding in data confidentiality compliance. Includes 2-year limited warranty.

*Performance comparisons are made against Kensington 2-Way Privacy Screen Filters.

Privacy screens filters designed for high light transmittance may produce visual artifacts such as Moire pattern effects when used on OLED displays. High Clarity Privacy Screens are compatible with LCD and LED displays only.

Techninė specifikacija

Design	
Maximum screen size	33.8 cm (13.3")
Suitable for	Laptop
Type	Frameless display privacy filter
Display diagonal (metric)	33.782 cm
Features	
Display filter features	Anti-blue, Anti-reflective, Privacy
Display types supported	LCD
Hardness	2H
