- ✓ Atsparus įbrėžimams, Atsparus smūgiams
- ✓ Užapvalinti kraštai
- ✓ Sausas naudojimas Atsparus pirštų atspaudams
- ✓ 1 vnt

Aprašymas

Want to protect your phone? I mean REALLY protect your phone? Then this 3-in-1 protection pack from PanzerGlass® is for you! Featuring a PicturePerfect Camera Lens Protector, a wireless charging compatible HardCase and an Ultra-Wide Fit Screen Protector, this pack keeps your phone safe from scratch-creating bumps against sharp-edged corners, phone-cracking falls onto stone-hard pavements and just about anything else life

might throw at you. The screen protector even has a smudge-free coating that reduces traces of fingerprints and grease

The HardCase is made with the world's most advanced plant-based protection material, D3O® Bio, trusted to protect military elite forces and professional athletes alike. Its back is made of 100% recycled plastic, while the frame is made of plastic with 44% plant-based content. The screen protector is also tougher than tough, featuring 3x better scratch resistance. And the PicturePerfect Camera Lens Protector? Well, we don't want to brag, but it's as strong as they get and keeps your lenses free from scratches and cracks that would leave permanent scars on all future photos.

The 360-degree protection pack prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way of working toward a more sustainable future. Another is to use less packaging: For this pack, we have managed to reduce the paper packaging by approximately 58%* compared to previous packs. This product comes in a recyclable FSC™-certified box.

Installation is also easy. Just apply the camera lens protector, click on the HardCase and use the EasyAligner to mount the screen protector. To make it even easier, we've included step-by-step instructions as well as a QR code for quick access to our online how-to video. And once everything is installed, you'll never again fear the sight of your phone tumbling to the ground. This may not happen, but if it does, you'll regret not having clicked "add to cart".

*Measured by comparing the mass of the 2023 paper packaging with the mass of the 2022 paper packaging. Measurements performed by third-party lab (CPRTC, report No. ZSA20231301-0016).

Techninė specifikacija

Features
