Aprašymas

A compact and powerful charger designed for everyday use.
With up to 100W of output, it easily powers a laptop while simultaneously charging other devices.

With three ports (2× USB-C, 1× USB-A), you can conveniently charge multiple devices at once. Each port delivers stable and optimized performance based on its specifications, ensuring reliable charging without compromise.

The integrated intelligent display provides an instant overview of total output, per-port load, and charging time. Intuitive touch control allows you to easily adjust the display to your needs.

Unlike typical plug-in chargers, this charger uses a power cable, significantly expanding placement flexibility. You can conveniently place it on your desk or workspace, even if the socket is further away, ensuring maximum comfort and flexibility for everyday use.

Advanced safety features, including protection against overheating, overvoltage, overload, and short circuit, ensure stable and safe operation even during prolonged use.
