Pagrindinės savybės

- ✓ 4K HD Solution
- ✓ Industrial-grade LED screen, Designed for CCTV
- ✓ 7/24 working Status Security monitor
- ✓ High brightness, High contrast, High definition
- ✓ Adapt newest 3D digital filtering and 3D digital noise reduction technology
- ✓ Picture fast response
- ✓ 178 ° wide viewing angle
- ✓ Metal chassis design, Anti-static, Anti-magnetic field, Anti-interference, no radiation
- ✓ Humanize Menu; Convenient Controller.
- ✓ HDMI cable included

Aprašymas

65" 4K Surveillance Monitor

The **0070-24165** is a high-performance 65-inch industrial-grade 4K UHD monitor, engineered for professional CCTV and control environments that require reliable 24/7 operation and exceptional image clarity. With its industrial LED panel, the monitor delivers ultra-sharp 3840×2160 resolution, high brightness, rich contrast, and accurate color reproduction—ideal for security monitoring where every detail counts.

Advanced 3D digital filtering and 3D noise-reduction technology ensure smooth, stable and distortion-free video playback, even in demanding surveillance scenarios. The wide 178° viewing angle guarantees consistent image quality from any position, making the display suitable for multi-viewer control rooms and monitoring centers. The robust metal chassis provides resistance against static, magnetic interference and

environmental disturbances, ensuring long-lasting durability.

Featuring three HDMI 2.0 inputs and one DisplayPort, the **0070-24165** integrates seamlessly into modern CCTV setups. It includes built-in stereo speakers, a comprehensive OSD menu with automatic picture adjustments, and supports VESA mounting for flexible installation. With energy usage under 150W, an operating temperature range from -30°C to +85°C, and a long 50,000-hour MTBF, this monitor is designed for continuous, mission-critical performance.
