Pagrindinės savybės

- ✓ 1,5 m
- ✓ HDMI A tipo (standartinis) Kištukinis
- ✓ HDMI A tipo (standartinis) Kištukinis
- ✓ HDMI versija: 2.0
- ✓ 3D
- ✓ Juoda

Aprašymas

InLine® High Speed HDMI Cable with Ethernet, AM/AM, super slim, black/gold HDMI 2.0b:

This InLine HDMI cable of specification 2.0b supports Ultra High Definition (UHD) and 4K video transmission at up to 60 frames per second. This means better picture quality with a wider colour palette and greater contrast range compared to the previous version. This cable is therefore particularly suitable for the playback of high-resolution audio and video content with fast movements. The InLine HDMI cable reliably transmits the signal from suitable HDMI sources such as cable or satellite receivers, streaming devices, games consoles, computers and gaming PCs, AV receivers and cameras to suitable HDMI output devices such as 4k projectors, UHD smart TVs and 4k gaming monitors.

Streaming: Enjoy content from streaming services such as Sky, Dazn, Netflix, Amazon Prime Video or Disney+ via streaming players such as Roku, Amazon Fire TV or Chromecast in 4k@60Hz. You benefit from smoother playback and fewer blurring effects, especially when watching sports broadcasts or action-packed videos.

Gaming: Connect your gaming PC or games consoles such as Playstation 4 Pro, Xbox One S, Xbox or One X to your TV or gaming monitor for a smoother and more responsive gaming experience in 4k@60Hz. You can enjoy an impressive 3D experience via 3D home cinema systems, gaming setups or special applications.

Business: This HDMI cable from InLine is suitable for professional video editing studios, multimedia setups or professional audio/video installations. For live streams, working with computer-aided design (CAD) or animations, a higher refresh rate can improve the accuracy and fluidity of the display.

Gold-plated contacts

The gold-plated plugs improve the conductivity, durability and corrosion resistance of the InLine HDMI cable. The risk of oxidation or corrosion is significantly reduced. This increases the long-term reliability of the connection, e.g. even in environments with higher humidity. Gold-plated contacts adapt better to the connections and are less susceptible to abrasion and damage when plugging and unplugging. In addition, the higher conductivity can improve signal transmission and therefore picture and sound quality, especially over longer cable runs.

Techninė specifikacija

Savybės	
Kabelio ilgis	1,5 m
Jungtis 1	HDMI A tipo (standartinis)
Jungtis 2	HDMI A tipo (standartinis)
1 jungtis – vidinė ar išorinė	Kištukinis
2 jungtis – vidinė ar išorinė	Kištukinis
Produkto spalva	Juoda
Jungties kontaktų dengimas	Auksas
HDMI versija	2.0
3D	Taip
Vienkryptis	Ne
Svoris ir matmenys	
Svoris	41 g
Pakuotės tūris	200 cm ³
Pakuotės duomenys	
Pakuotės plotis	85 mm
Pakuotės gylis	120 mm
Pakuotės aukštis	15 mm
Paketo svoris	41 g
Kitos savybės	
Ilgis	1500 mm
Plotis	15 mm
Matmenys ir svoris	

Svoris

1,04kg
