Pagrindinės savybės

- ✓ Indoor Passive holder
- ✓ Mobile device type: Tablet/UMPC
- ✓ Lean-on
- ✓ Silver

Aprašymas

Effective theft protection: The integrated security lock with cable lock reliably protects the tablet in public environments.

Flexible device orientation: The rotatable and tiltable mount allows for use in portrait and landscape format as well as the ideal viewing position.

Wide device compatibility: Supports tablets with a diagonal of approx. 29 cm to 38 cm and a depth of up to approx. 12 mm – even with a protective cover.

Robust and secure mounting: The solid metal construction can be securely screwed in place if required – for permanent use in a professional

environment.

Versatile range of applications: Ideal for presentations, kiosk systems, reception areas, or trade show applications – secure, stable, and flexible.

The universal InLine® tablet holder with security lock is the ideal solution for professional applications with increased security requirements. Thanks to its sturdy metal design, the holder is perfect for public areas such as reception areas, trade shows, or point-of-sale environments. The rotatable and tiltable mounting unit allows flexible alignment in portrait or landscape format – individually adjustable depending on the situation.

The integrated lock with steel cable provides effective protection against theft. The 1.5 m long, plastic-coated wire cable is securely attached via the 3x7 mm security slot and prevents unauthorized removal. The mount holds tablets with a diagonal between approx. 29 cm and 38 cm securely in place – even when using a case up to 12 mm thick.

For stationary use, the holder can also be permanently attached to the surface with four screws. High-quality workmanship, easy handling, and reliable security make the InLine® tablet holder a professional solution for a wide range of applications.

Material: Metal (steel/aluminum)

Theft protection: Lock with key, incl. 2 keys included

Cable security: Wire rope, 4.4 mm diameter, 1.5 m length, plastic-coated

Security slot: Compatible with 3x7 mm slot

Mounting option: Can be screwed on via 4 mounting points
