## Pagrindinės savybės

- ✓ RAL9005
- ✓ Ventilation slots
- ✓ Screw mounted

## Aprašymas

Blanking Panels with a vented design enables unobstructed airflow through your rack, to help ensure your equipment is running at an optimal temperature.

Without blanking panels, the hot exhaust air from the rear of the servers will recirculate through empty spaces in the server rack into the air intakes on the front of the servers which will significantly reduce the cooling efficiency of the system.

Blanking panels are the easiest and first step towards achieving your Power Usage Effectiveness (PUE) goals. Along with the increase in airflow efficiency, the blanking panels give your rack a seamless and professional appearance.

## Techninė specifikacija

| Features                    |             |
|-----------------------------|-------------|
| Type                        | Blank panel |
| Product colour              | Black       |
| Housing material            | Steel       |
| Number of attachment points | 2           |
| Rack capacity               | 1U          |
| Easy mounting               | Yes         |

|                       |                  |
|-----------------------|------------------|
| Compatible rack width | 19"              |
| Preassembled          | Yes              |
| Mounting hole shape   | Oval             |
| Perforated            | Yes              |
| Weight & dimensions   |                  |
| Width                 | 482 mm           |
| Depth                 | 15 mm            |
| Height                | 44 mm            |
| Weight                | 220 g            |
| Packaging data        |                  |
| Package weight        | 230 g            |
| Packaging content     |                  |
| Screws included       | Yes              |
| Cage nuts included    | Yes              |
| Other features        |                  |
| Rack mounting         | Yes              |
| Dimensions (WxDxH)    | 482 x 15 x 44 mm |
