Pagrindinės savybės

- ✓ Travel adapter with dual function: allows electrical devices with different plug types to be connected in countries with German and French socket systems as well as the charging of two other devices such as a mobile phone or tablet via USB
- ✓ Universal travel adapter plus USB multi-way plug compliant with common standards: USB double plug for sockets with Type E and F and a USB-A and USB-C socket, ideal for charging cables without additional power supply unit
- ✓ Compact travel adapter for travel in Europe
- ✓ Can be used in most European countries: Austria, Belgium, Croatia, Czechia, France, Germany, Iceland, Norway, Spain, Sweden and in many other countries
- ✓ Adapts from US, UK, Australia, China, Italy, Switzerland plugs to European 3-pin/earthed sockets
- ✓ For use with earthed and unearthed devices such as cameras, shavers and smartphone chargers, also suitable for powerful devices such as laptops and travel hairdryers
- ✓ Suitable for input voltages from 100V - 250V
- ✓ For use with type E and F sockets
- ✓ For devices with plug type A, B, G, I, J and L
- ✓ Safe charging via USB - intelligent chip set for safe charging with overload and short-circuit protection

Aprašymas

Travel adapter with dual function: allows electrical devices with different plug types to be connected in countries with German and French socket systems as well as the charging of two other devices such as a mobile phone or tablet via USB

3-way power strip

1 becomes 3: whether mobile working, home office or in the bedroom - this power strip conjures up three connection options from one socket - 1x USB-C, 1x USB-A and 1x earthed contact

With 2 USB charging sockets

With 1 USB-A socket and 1 USB-C socket: ideal for all devices that are charged and operated via USB, e.g. tablet, smartphone, power pack, console

Supports Power Delivery and Fast Charge

Fast charging with the USB socket: Supports Power Delivery and Fast Charge technology, which guarantees extremely fast charging, faster than with conventional charging technologies

USB-C supports Power Delivery

Charge at high speed: the USB-C port supports Power Delivery and you can charge your tablet, smartphone, etc. extremely quickly with up to 20 Watts

Integrated socket

Electronic devices can continue to be connected thanks to integrated socket, meaning no socket is lost

Automatic device recognition

Connected devices are automatically recognized and optimally charged

Saves the battery during the charging process

Optimized charging process saves the battery thus extending its service life

Safety thanks to increased touch protection

With increased touch protection to avoid accidental contact

Techninė specifikacija

Features	
Plug connector type	Type E/F hybrid
Socket connector type	Universal
Connector 1 form factor	Straight
Connector 2 form factor	Straight

Universal socket connector types	Type A, Type B, Type G (UK), Type I (AU), Type J (CH), Type L (IT)
AC input voltage	100 - 240 V
Product colour	Black
Overload protection	Yes
Certification	CE
Ports & interfaces	
USB charging port	Yes
USB ports quantity	2
Weight & dimensions	
Width	61 mm
Depth	61 mm
Packaging data	
Quantity	1
Matmenys ir svoris	
Svoris	0,17kg
