Aprašymas

Simple USB-C Charging

Charging your AA batteries is now as easy as charging your other USB-C devices. Simply connect the included 4-in-1 USB-C cable directly to the batteries – no separate battery charger required. The built-in LED clearly shows when each battery is charging and when it is fully charged. Each battery takes approximately 3.0 hours to charge, making it quick and convenient to get your batteries ready for use.

Reliable Power for Everyday Devices

With an approximate 2100mAh (3150mWh) capacity and stable 1.5V output, these rechargeable AA batteries deliver dependable power for compatible everyday devices. They're ideal for a wide range of compatible household and portable devices, including remote controls, wireless keyboards and mice, toys, torches, clocks, radios and other everyday electronics.

Recharge, Reuse and Save

Designed for repeated use, these rechargeable batteries can be recharged over 1,000 times, helping to save money over time by reducing the need to continually purchase disposable AA batteries. (Actual battery lifespan will vary depending on usage and operating conditions.)
