Pagrindinės savybės

- ✓ Four real-world EQ presets take the guesswork out of optimizing sound
- ✓ dbx AFS2 Automatic Feedback Suppression stops feedback before it starts
- ✓ Bluetooth integration allows stereo streaming of music, soundtracks and backing tracks
- ✓ One-touch ducking automatically lowers music volume when speech input is detected

Aprašymas

The JBL IRX112BT portable powered PA loudspeaker delivers class-leading volume and clarity, total ease of use and an unrivaled feature set at our most affordable price point. Sound amazing with a custom, pro-grade custom, pro-grade components that are engineered to outperform larger competing systems. Real-world EQ presets let you dial in optimal tone in an instant—no experience necessary—and built-in dbx DriveRack automatic feedback suppression lets you crank it up with confidence. Play music, soundtracks and backing tracks with Bluetooth audio streaming, and ensure your voice carries over background music with one-touch ducking. Two mic/line combo inputs and an XLR loop-out round out this lightweight, durable PA.

The JBL IRX Series, which includes the 8-inch IRX108BT and 12-inch IRX112BT loudspeakers and IRX115S powered 15-inch subwoofer, offers legendary JBL fidelity, power and ease of use at a fraction of the price and size of comparable systems. Budget-conscious musicians, DJs, presenters and fitness instructors can count on versatile, full-featured JBL IRX Series portable P.A.s to deliver stunning sound, no matter their experience level.

Class-Leading Volume and Clarity

The IRX112BT draws from seven decades of legendary JBL engineering to deliver an ultra-portable, reliable system designed to outperform similar competing systems—and some bigger systems, too. The 12-inch IRX112BT produces the highest measured volume and the widest frequency response in its class, with SPL, wattage and performance ratings equivalent to much larger loudspeakers.

THE FREEDOM OF BLUETOOTH

Built-in Bluetooth audio streaming—accessible at the push of a button—lets you play backing tracks, video soundtracks or recorded music between sets; link two speakers to create a true stereo image. Two XLR/TRS combo inputs and an XLR loop-out to connect additional speakers round out I/O options.

TAKE THE GUESSWORK OUT OF GREAT SOUND

Sound your best in seconds with real-world EQ presets modeled after a range of common performance scenarios. Built-in dbx AFS2 Automatic Feedback Suppression protects speakers—and your ears—by automatically stopping feedback before it starts. One-touch ducking automatically lowers music volume when speech input is detected, ensuring every word is heard loud and clear.

POWERFUL GETS MORE PORTABLE

The IRX112BT is engineered to deliver big-system sound in a compact footprint. Its ultra-lightweight, durable polypropylene cabinet will have you loading in and out in minutes, and ergonomic handles make transport a breeze. In short, you'll enjoy big, crystal-clear sound without the hassle of hauling a huge system.

RUGGED AND ROAD-TESTED

Like every JBL speaker, the IRX108BT undergoes 100 hours of stress testing to ensure it'll perform flawlessly in real-world conditions.

Techninė specifikacija

Loudspeakers	
Speaker type	2-way
Speaker placement	Stand-mountable
Speaker enclosure	Closed
Speaker position	Center
Driver diameter	30.5 cm
Audio
