Pagrindinės savybės

- ✓ 5G SA & NSA speeds of up to 3.4 Gbps¹ for Internet access and data transfer
- ✓ Wi-Fi speeds of up to 1.8 Gbps¹ to connect multiple Wi-Fi devices
- ✓ 1 x Gigabit Ethernet WAN/LAN port configurable as wired WAN access
- ✓ 3 x Gigabit Ethernet LAN port for reliable wired connectivity
- ✓ 2 x SIM slots for cellular WAN failover redundancy
- ✓ No set up required, simply plug it in and your network is ready to go
- ✓ Durable zinc-plated steel case is corrosion-resistant to ensure device longevity
- ✓ -30 to 70°C operating temperature to resist harsh environments
- ✓ Optional Wall mount bracket allows for optimal device placement

Aprašymas

5G SA & NSA

Leverage flexible 4G/5G dual-mode compatibility to adapt seamlessly to diverse carrier networks.

Dual-SIM Failover

Two SIM slots with auto-failover redundancy to ensure uninterrupted cellular WAN connectivity.

Ethernet & 5G Redundancy

Seamless failover between Ethernet WAN and 5G for reliable connectivity.

Industrial-Grade Durability

Corrosion-resistant zinc-plated steel casing and robust design ensure reliable operation in harsh environments.

Secure VPN Protection

Protect sensitive data transmission via secure VPN tunnels to prevent unauthorized network access.

Wi-Fi 6 AX1800

Drive Wi-Fi 6 to cover various portable and IoT device networking services.

Carrier Diversity and Network Redundancy

The DWM-550-G 5G M2M Router ensures continuous service with Dual SIM (Nano-SIM 4FF) support for enhanced carrier diversity and network redundancy. Reliable connectivity even in locations with limited coverage is now possible. Additionally, it includes four LAN ports, one configurable as a WAN, giving you flexible options to seamlessly switch between Ethernet WAN and 5G connections, ensuring you always have the best network access.

Secure Your Network with VPN

The DWM-550-G 5G M2M Router boosts network security with robust VPN support, offering protocols such as IPSec, OpenVPN, PPTP, L2TP, GRE and WireGuard. These features enable encrypted connections, versatile tunneling, and secure remote access to protect sensitive data effectively. Ideal for retail operations, small shops, pop-up booths, and smart parking systems, the DWM-550-G ensures that financial transactions and customer information are securely managed and transmitted.

Robust Build Quality

The DWM-550-G is designed to maximize M2M connection reliability and availability, featuring a corrosion-resistant zinc-plated steel casing, wide voltage input range, wide operating temperature range and humidity tolerance, making it suitable for the most demanding M2M applications in virtually any environment.

Techninė specifikacija

Design	
Device type	Cellular network router
Product colour	Black
Reset button	Yes
LED indicators	Yes
Ethernet LAN features	
Ethernet LAN	Yes
Ethernet LAN interface type	Gigabit Ethernet

Ethernet LAN data rates	10,100,1000 Mbit/s
Networking standards	IEEE 802.11a, IEEE 802.11ax, IEEE 802.11b, IEEE 802.11g, IEEE 802.11n
DHCP server	Yes
Wireless LAN features	
Wi-Fi	Yes
Wi-Fi standards	802.11a, 802.11b, 802.11g, Wi-Fi 4 (802.11n), Wi-Fi 5 (802.11ac), Wi-Fi 6 (802.11ax)
WLAN data transfer rates supported	574 Mbit/s
Mobile network	
Data network	4G, 5G, LTE
4G standard	LTE
5G standard	Sub6 NSA, Sub6 SA
Number of SIM cards	2
Ports & interfaces	
Ethernet LAN (RJ-45) ports	4
Security	
Security algorithms	SNMP, SNMPv2, SNMPv3
Network address translation (NAT)	Yes
Firewall	Yes
DMZ support	Yes
Port forwarding	Yes
Performance	
Antenna type	External
Antenna connector type	SMA
Antennas quantity	6
Power	
Power source type	DC
Input voltage	12 - 36 V
Operational conditions	
Operating temperature (T-T)	-30 - 70 °C
Storage temperature (T-T)	-40 - 85 °C
Operating relative humidity (H-H)	10 - 95%
Weight & dimensions	
Width	160 mm
Depth	125 mm

Height	35 mm
--------	-------

Matmenys ir svoris

Svoris	1,49kg
--------	--------
