Aprašymas

The Lindy VGA to DisplayPort Converter is a compact, premium solution for connecting a DisplayPort monitor or display to legacy VGA source devices. Supporting resolutions up to Full HD, this sleek converter is perfect for use in offices at home, in the workplace or in education, or for connecting analogue PC systems to eye-catching digital signage displays.

An additional 3.5mm VGA audio connection also allows for audio to be embedded into DisplayPort to provide 2CH stereo to compliment a professional video experience, while a separate USB Type A connection ensures there is always enough power for even the most demanding scenarios.
