## Pagrindinės savybės

- ✓ Quick charging, charging on the go: The external battery supplies smartphones, tablets, Bluetooth loudspeakers and other mobile devices with power – whether it be in the office, on the plane or at the beach
- ✓ One charge of the powerful battery pack is all it takes to use the Samsung Galaxy S21+ for 165 hours longer, for example
- ✓ Via the USB-C connection, the power pack is fully charged in 8 hours
- ✓ Integrated LED display: accurately displays from 1 to 100 per cent how much power is still available

## Aprašymas

Quick charging, charging on the go: The external battery supplies smartphones, tablets, Bluetooth loudspeakers and other mobile devices with power – whether it be in the office, on the plane or at the beach

### Power pack - energy to go

The power pack provides an energy boost on the go

## Battery-sparing charging

Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.

## Safe charging

Certified cells for maximum quality and safe charging: overcharge, overvoltage, overheating and short circuit protection

### Compact and lightweight construction

Small and lightweight: the mobile charger fits in any pocket and hand luggage

## Universal use

Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones

## Techninė specifikacija

| Design                                           |                                                                                                      |
|--------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Number of simultaneously connected devices (max) | 3                                                                                                    |
| Product colour                                   | Black                                                                                                |
| Charger compatibility                            | Digital camcorder, Headphones/Headset, Mobile phone/Smartphone, Portable speaker, Smartwatch, Tablet |
| Built-in display                                 | Yes                                                                                                  |
| Display type                                     | LED                                                                                                  |

| Performance                                      |                                                                                                      |
| Charging source                                  | USB                                                                                                  |
| Fast charging                                    | Yes                                                                                                  |
| Battery charge time (USB)                        | 8 h                                                                                                  |
| Ports & interfaces                               |                                                                                                      |
| Input interface                                  | USB Type-C                                                                                           |
| USB Type-A connector                             | Yes                                                                                                  |
| USB Type-A output ports                          | 1                                                                                                    |
| USB Type-C connector                             | Yes                                                                                                  |
| USB Type-C ports quantity                        | 2                                                                                                    |

**Power**

|                           |                                                      |
|---------------------------|------------------------------------------------------|
| Output voltage            | 5 V                                                  |
| Port 1 output current     | 3 A                                                  |
| Port 2 output current     | 2.4 A                                                |
| Port 3 output current     | 2.4 A                                                |
| Power protection features | Over voltage, Overcharge, Overheating, Short circuit |

**Weight & dimensions**

|              |          |
|--------------|----------|
| Width        | 29.5 mm  |
| Depth        | 68 mm    |
| Height       | 143.3 mm |
| Weight       | 425 g    |
| Cable length | 0.3 m    |

**Packaging content**

|                   |                          |
|-------------------|--------------------------|
| Cables included   | USB Type-A to USB Type-C |
| Quantity per pack | 1 pc(s)                  |
| Manual            | Yes                      |

**Packaging data**

|                |        |
|----------------|--------|
| Package width  | 195 mm |
| Package depth  | 90 mm  |
| Package height | 40 mm  |
| Package weight | 450 g  |

**Battery**

|                    |                        |
|--------------------|------------------------|
| Battery technology | Lithium Polymer (LiPo) |
| Battery capacity   | 20000 mAh              |

**Matmenys ir svoris**

|        |        |
|--------|--------|
| Svoris | 0,50kg |
|--------|--------|
