Pagrindinės savybės

- ✓ The Terminator Air merges mechanical gaming aesthetics with lifestyle-oriented ergonomics.
- ✓ Mesh fabric upholstery ensures breathability, comfort and durability.
- ✓ A super-wide, 3D PushBack adjustable headrest increases head support area and syncs with neck structure.
- ✓ Dynamic Adaptive Support responds to shifts in movement to maintain spinal alignment.
- ✓ 3D hyperrotation armrests provide a wide range of arm support positions.
- ✓ Precisely tunable backrest height and seat depth.
- ✓ Weight-balanced tilt wire control automatically adjusts recline tension according to body weight.
- ✓ Detachable steel 5-star base makes setup easy and provides stability.
- ✓ 7.5cm mute casters ensure smooth and silent motion.

Aprašymas

Machine-Inspired Design, For the Human Body.

The smarter way to rage against the machine...is teaching it to move like us. The Terminator Air reshapes machine logic in the image of the human body, evolving COUGAR's Second Spine design with adaptive support, breathable mesh, and precision adjustability that responds naturally to movement.

The Machine Evolves

The Terminator Air merges the mechanical gaming aesthetics of the Second Spine design with lifestyle-oriented ergonomics. Less of a chair and more of a responsive exoskeleton, it doesn't just hold your weight but locks in with your movement, keeping you in peak form as your digital world expands.

Breathable Comfort

Mesh fabric provides a breathable seating experience, perfect for long hours of gaming or work.

Super-wide PushBack Bi-Axial Head Support

Engineered to mirror the neck's natural range of motion, the 3D PushBack adjustable headrest's superwide dimension increases head support area while variable depth and bi-axial rotation molds perfectly to your unique vertebral profile. The dual-pivot adjustment tracks head curvature, eliminating strain caused by both monitor or handheld device usage.

The Second Spine II: Dynamic Adaptive Support

The Terminator Air's central structure mimics the form and function of a second spine, shaping the backrest's articulation in alignment with the curvature of the back. By integrating Dynamic Adaptive Support into its design, every shift in posture triggers a continuously adaptive mechanical alignment, ensuring that your support remains constant as it responds to your natural movement.

Support System

3D Hyperrotation armrests provide a wide range of motion, supporting various arm positions. This promotes more ergonomic and comfortable resting positions for the arms for mobile gaming or when the chair is in reclining mode.

A Perfect Fit

Precisely tunable backrest height and seat depth allow you to fine-tune the chair to your exact anthropometry for maximum ergonomic benefit.

Put Your Feet Up

The retractable footrest offers additional leg support for added comfort, especially during extended periods of use.

Adaptive Damping

The Terminator Air's tilter automatically modulates the speed and resistance of recline to body weight without needing manual operation, absorbing impact from sudden movement for a smoother and more controlled backwards shift. All you have to do is lean back, and lock in your recline angle within a 45° range with the easily accessible control switch.

Safety First

The Terminator Air is TÜV certified, conforming to BIFMA safety and durability standards.

BEST IN CLASS: Class 4 Gas Lift Cylinder

The class gas lift cylinder is TÜV certified, guaranteeing safe, reliable and smooth height adjustment.

Noiseless Mobility

A sleeve on the caster's spoke eliminates noise, allowing the Terminator Air to glide across any surface as quiet as it's effortless. At 75mm diameter, the plus-size wheels vastly enhance stability.

Techninė specifikacija

Features	
Product type	Universal gaming chair
Maximum user weight	120 kg
Seat type	Mesh seat
Backrest type	Mesh backrest
Armrest	Yes
Base colour	Black
Frame colour	Black
Seat colour	Black
Seat material	Fabric
Backrest colour	Black
Backrest material	Fabric
Backrest angle range	90 - 135°
Armrest type	Hard armrest
Adjustable armrest	Yes
Armrest adjustment type	3D armrest
Gas lift class	4
Castor wheels	Yes
Number of wheels	5 wheel(s)
Wheel diameter	7.5 cm
Breathable	Yes
Ergonomics	
Racing wheel/flight stand included	No

Headrest	Yes
Adjustable headrest	Yes
Weight & dimensions	
Height (min)	112 cm
Height (max)	138 cm
Seat width	50 cm
Seat height (min)	46 cm
Seat height (max)	56 cm
Seat depth	50 cm
Backrest height	72 cm
Backrest width	54.8 cm
Weight	24.6 kg
Armrest height (min)	66 cm
Armrest height (max)	76 cm
Packaging data	
Package width	820 mm
Package depth	540 mm
Package height	475 mm
Package weight	30.9 kg
Matmenys ir svoris	
Svoris	29,07kg
